

# Louie Foxx's

One-Man Side Show

## Show Requirements

The show can be customized to work in most performing areas, please contact Louie to discuss your space if it doesn't conform to these.

### Space Requirements

- 10 foot wide by 8 foot deep (minimum) performing area.
- A raised stage is preferred if the audience is seated at tables.

### Audio Requirements

- XLR input
- A micro (1/8) cord onstage for Louie to plug an ipod into.
- Cordless hand held microphone in a straight stand. A corded microphone will work as long as it has enough cord to reach all areas of the performing area.
- Louie can provide a sound system if needed and discussed prior to the event.

### Audience Seating

- Chairs should be in rows with a center aisle facing the performing area.
- If seated at tables, please have the audience turn chairs prior to performance start time.

### Before the Show

- Have the performing area clean and ready for Louie to set his props on at least 1 hour prior to show time, or at a prearranged call time.

### Starting the Show

- Make sure the audience has finished eating prior to start time and the tables are clear, or arrange for the tables to be cleared after the show has finished.
- Drinks are OK to be served during the show.
- Use the provided introduction (see below).

### Introduction

You're in for a treat, tonight we have an award winning magician and two time Guinness World Record Holder. You've seen him on NBC's America's Got Talent, you've read his comedy on Laffy Taffy wrappers, please welcome Louie Foxx!
